MEMORANDUM FOR: Director, Photographic Intelligence Center

SUBJECT: USSR Interdepartmental Commission on Aerial  
Surveys; Translation by [REDACTED]

25X1A9a

REFERENCE: Your Memorandum to AD/RR and AD/SI,  
13 October 1960 (PIC/D-118-50)

1. The subject conference is one of the many held in the USSR that are of interest to ORR. Useful information may often be mined from these reports and incorporated in research files. We have taken the liberty of making a copy of [REDACTED] translation-commentary. We do not, however, find anything of unusual significance in this particular report.

2. Reference paragraph 5 of the attachment, it may be misleading to say that the report by [REDACTED] dealt with "the decision of (GUGK, etc.) on aerial survey materials to be put in a central Government warehouse". This is not explicit in the original statement, which we translate to say that aerial survey materials were "acknowledged as being subject to extended centralized State archival protection".
